40X60 FRAME	2400	14	200	380-400
40X60 GABLE FRAME	2400	14	200	380-400
40X70 FRAME	2800	16	224	440-460
40X85 FRAME	3400	18	272	540-560
40X100 FRAME	4000	20	320	640-660
40X115 FRAME	4600	22	368	740-760

THINGS WE NEED TO KNOW:

Is the tent going on grass or asphalt?

If on asphalt, can we drill or water barrel to secure?

Are there hindrances underground that will affect staking? (Water lines, Gas lines)

Are there any overhead obstructions (Tree Limbs, Power Lines, Etc.)?

Have we (or someone) measured for the tent?

Is the ground level?

Is there box truck accessibility?
